Web developer

Feb/2025 - Present

Accelerant Software Solutions Private limited

I have worked as a Web Developer. I have created websites using WordPress, and for the frontend, I have used JavaScript. For the backend and database, I have experience working with MySQL. I am confident in my skills and can handle end-to-end website development.

Developed and maintained websites using WordPress.

Implemented interactive features using JavaScript.

Managed and integrated MySQL databases.

Handled full-stack development for various problems.
